**Tulips Flower Crossword**

Solve the Tulip Crossword Puzzle with the following clues:

Across:

4. Cut tulips continue to grow and may gain an inch or more in a vase before they die completely.
7. Tulips can be planted in the \_\_\_\_\_ season.
8. If bulbs are left where they were planted for a long time, they can become \_\_\_\_\_ by new bulbs. If this happens, one should dig up tulip bulbs after their foliage dies off and separate them for replanting in fall.
9. Tulips are usually \_\_\_\_\_ four to eight inches below the soil surface.
10. Tulips grow toward \_\_\_\_\_ and may have stems that lean toward sunlight.

Down:

1. Tulip flowers can be \_\_\_ and given as gifts. Tulips can last about a week in a vase.
2. When buying a tulip bulb, one should look for large bulbs that are well-shaped and free of damage.
3. There are several \_\_\_\_\_ of tulip bulbs that determine when they will bloom and what color they will be.
5. Tulips should be \_\_\_\_\_ at least six inches apart from one another when planted.
6. Common \_\_\_\_\_ of tulips are red, yellow, and purple.

Answers:
